The Great Colorado Air Show is being held at Northern Colorado Regional Airport this weekend, September 19-21, 2025. During this time, you may notice increased aircraft activity and noise in the area. Most of the activity will take place between 10:00 a.m. and 5:00 p.m. Friday through Sunday, with occasional aircraft operations outside these hours as performers arrive and depart. This is only the third air show the airport has hosted in the past 25 years, and there are no plans to make it an annual event. If you need to make a report of the noise, please call (970) 962-3247. We appreciate your patience, understanding, and support as our community hosts this special event.
